# TERMS AND CONDITIONS

1. The terms of this sale are cash. Each animal will be at purchaser's risk as soon as bid off, but will not be delivered until settlement has been made. Cattle will be cared for and loaded on cars or trucks free of charge but at the purchaser's risk of loss or injury.

2. All cattle are absolutely healthy in every respect and will have passed the tuberculosis and Bangs disease test within thirty days of the sale. Health certificates will be furnished where required to ship into any state or territory.

3. Certificate of registry with transfers entered and recorded in the buyer's name will be furnished with each lot sold and an application will be furnished for every calf at foot and every calf carried in dam.

4. The Hildreth Herd is backed by an enviable reputation gained through good management and honest business practices. The pedigrees are correct and the cattle are healthy.

Bulls are guaranteed breeders if properly cared for and not allowed to run with the herd. If a bull fails to breed he may be returned to the seller if in as good condition as when sold; if, after a test in the seller's herd he still fails to breed he will be replaced or the purchase money will be refunded. All cows with calves at foot are considered breeders and no further guarantee is made with respect to them. All other cows and all heifers over sixteen months old at the time of sale are guaranteed to be breeders. Animals returned to sellers because they do not comply with guarantee will be at buyer's cost of transportation. All case of failure to breed shall be reported to the seller within 90 days from sale day.

5. The above terms constitute a joint contract between Howard Hildreth & Son, the sellers, and the buyer of each lot. Neither the Sale Manager nor the person delegated as Clerk assumes any liability, legal or otherwise.

6. Although we will use every precaution to provide for the comfort and safety of our guests, all persons who attend this sale do so at their own risk and the owners assume no liability, legal or otherwise, for any accidents that may occur.

The Shorthorns offered in the Hildreth Dispersion can be recommended with confidence. Being familiar with this herd since it was established, I know that it was founded on only the best heifers with richest pedigrees and top individuality. From the very start only top herd bulls of the richest and most popular bloodlines have been used.

The wisdom of building on such a foundation will speak for itself when you see this offering.

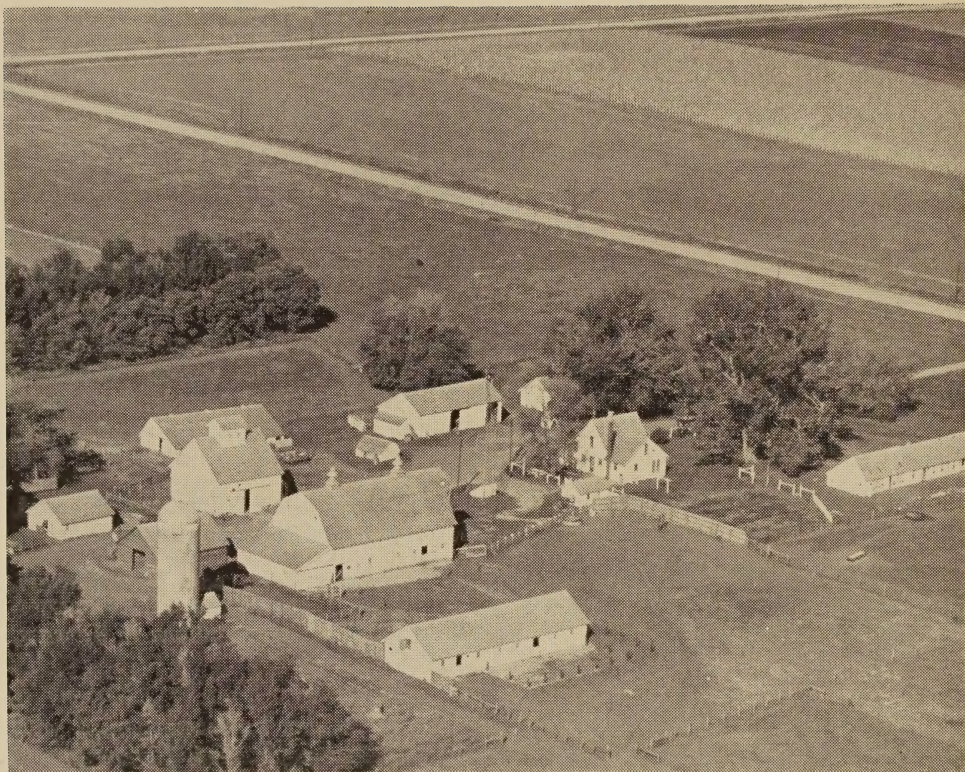

The bloodlines that are the most sought after today have been fused into this herd for several years. The results can be obtained sale day at public auction. Here everything sells and none has been reserved.

It is only fitting to mention the extreme uniformity and productivity of this herd. Individually, these Shorthorns are of ideal type and conformation, being good headed, deep bodied, thick, low set and good colored. Only in dispersions can such top breeding cows that return a quick profit be obtained. There are many three-in-one combinations. In addition, many of the calves at foot would make ideal 4-H club prospects. The produce from this herd has always given a good account of themselves.

You are urged to help yourself on Sale Day, SEPTEMBER 1st at SPENCER, IOWA.

ALBERT J. HAMANN  
Sale Manager.

Airview of the Hildreth Farm.

#### A WORD FROM THE HILDRETHS—

The decision to disperse our Shorthorn herd which we spent many years in building was not an easy one. However, due to reasons of health and plans to curtail our farming operation, it seemed the only advisable course to follow.

In establishing this herd, we purchased only the top heifers that were offered for sale. Then we used only the best herd bulls we could buy. A study of the pedigrees and footnotes will verify this.

We were fortunate in that our foundation females proved to be good producers and our herd bulls great sires. The results we pass on to you.

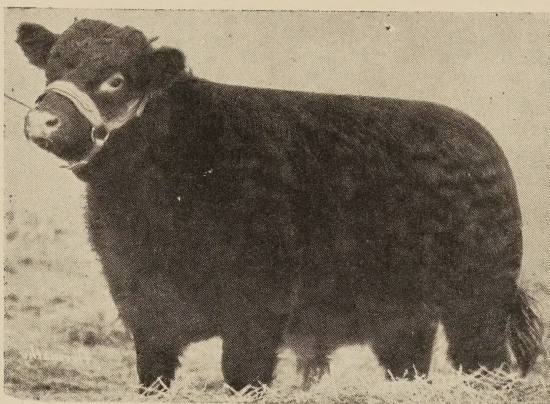

Our Shorthorn herd has been good to us and given us many sale tops. The brood cows are regular producers in their prime.

The heifers are bred to be producers. The group of open heifers by Greenwood Craftsman are a great source of pride to us. We know they will do well for whoever buys them and sincerely hope they go to good herds.

We shall miss our Shorthorns but can honestly recommend them to others. We hope you will be with us on sale day, SEPTEMBER 1st, at SPENCER to make your selections from our proven producing herd that is now at the peak of production.

HOWARD HILDRETH & SON.

**GREENWOOD CRAFTSMAN**—This bull was good enough to win first prize in the strong junior calf class at the 1952 International and was a member of the first prize pair of calves at that same show. He is a son of Uppermill Wanderer and comes from the famous Princess Doreen family. His granddam was the excellent daughter of Cruggleton Perfect that the late Frank Harding imported. After his great show record, we purchased this outstanding bull at the top of the 1953 Greenwood Farm sale, South Solon, Ohio, for \$2,750. We had the misfortune to lose him after only one crop of calves which were equally outstanding, both bulls and heifers. In this sale 3 of his best sons and 16 of his daughters sell. Everyone will agree that these daughters are the most uniform and highest quality group of females that have ever been offered at any one sale for a long time.
